To Whom It May Concern,

I am writing to provide a professional reference for Low Jung Xuan, with whom I have worked with in the Banking and Finance Industry, focusing on mobile security. I collaborated with Jung Xuan from Jul 2025 to Jul 2026 and during this time, he contributed to mobile application security, backend API development, technical documentation, and coordination with vendors.

His job scope included supporting mobile security evaluations, testing both iOS and Android applications, preparing technical notes, and documenting findings for internal discussion. He also assisted in developing a Spring Boot backend application for internal use and help in reviewing the Mobile RASP Vendor based in China to document technical insights.

Based on my direct experience working with Jung Xuan, I can confirm he was a consistent contributor to our team's objectives.

This reference is provided in my professional capacity based on my working interaction with Jung Xuan. It is intended to describe the type of work he was involved in and is not an official HR employment verification letter.

Regards,

MingKiat Tang
